Our own internal audit of our reporting has identified an error in the July 15, 2000 Quarterly Report filed with you office. That Quarterly Report covered the period of April 1 through June 30, 2000. Contributions received in early July were mistakenly listed on that Report. Those same contributions were properly reported on the October 15, 2000 Quarterly Report covering the period July 1, 2000 through September 30, 2000. At the time of the October Quarterly Report, however, the error on the July Quarterly Report had not been identified or corrected resulting in incorrect figures for the year to date totals reported in October. Also, a minor mathematical error was found in the disbursements total in October Quarterly Report. Enclosed are amended reports for July and October as well as the Pre-Election Report covering the period of October 1 through October 18, 2000.

Our planned conversion to an electronic accounting and filing system beginning January 1, 2001 should eliminate such errors in the future.

Very truly yours,

Thomas J. McLaughlin
